# Select **Past Courses** from the menu to view previous courses

The screenshot displays the TLU e-Racer interface. On the left is a navigation menu with the TLU logo and links for Home, e-Racer, and various tools. The main content area shows a 'Show:' dropdown menu with options: Current Courses, Past Courses (highlighted), Current Courses, and Future Courses. A red box surrounds the dropdown, and a red arrow points to the 'Past Courses' option. Below the dropdown is a table titled 'My Course 2011-2012 Academic Year Fall Term List' with columns for 'Code' and 'Course name'. The table lists three courses: ISYS 133 (02) Applications Software, BUSI 337 (01) Principles of Marketing, and sp\_placement (sp-pl) Spanish Placement.

Code	Course name
ISYS 133 (02)	<a href="#">Applications Software</a>
BUSI 337 (01)	<a href="#">Principles of Marketing</a>
sp_placement (sp-pl)	<a href="#">Spanish Placement</a>

*A new page will open showing your previous courses*
